SALES DASHBOARD

1. Key Insights :

- **Technology category** generates highest sales
- **Phones & Chairs** are top-performing sub-categories
- **West & East regions** contribute major revenue
- Sales show **consistent trend across months**

2. Analysis :

- High demand products drive majority of revenue
- Certain regions outperform due to better market presence
- Seasonal variation is moderate but stable

3. Recommendations :

- Increase inventory for **top-selling products**
- Focus marketing in **high-performing regions**
- Improve strategies for low-performing categories
